AXH Air-Coolers is a manufacturer of Heat Exchangers; we strive to be the best in our industry and will continue to do so by expanding and evolving in an effort to support our customers. With our customers in mind, AXH is excited to be able to offer a full service aftermarket division.

Our extensive knowledge enables us to repair, replace, rework and make additional suggestions to ensure your unit is running effectively and efficiently.

# OFFERINGS:

## Actuators

Pneumatic, electric, and manual actuators available for all configurations and types of louvers. Multitude of brands and accessories in stock.

## Fans & Fan Rings

We offer a wide variety of fans that can be tailored and built to ensure top efficiency. Engineering available, as well as on site assessments.

## Finned Tubes

Fully equipped fining shop with a large stock of the most common tube sizes & materials (.625", .75", 1.0", 1.25", 1.5"). Stainless, custom length, or exotic materials available. Max finned tube length 65'. L-foot & embedded finning, as well as plain and hi-efficiency wheel type fin available.

## Louvers & Accessories

Custom Louvers manufactured to replace / retrofit any previous design. Aluminum construction standard, custom full API, and galvanized steel also available.

## Capillary cells & Mist Eliminators

Capillary Cells and Mist Eliminators built in-house for customability.

## Drive Components

We offer all major brands of motors including Weg, Toshiba, Teco, ABB/Siemens. Fast shipping for belts, sheaves, bushings, & bearings of all types & brands. Consult available for drive issues.

**Anti-  
Rotation  
Device**

Wind milling (backwards spinning fans) happens when there is a difference in pressure that's created by either natural drafts or surrounding fans. Our anti-rotation device is designed specifically to prevent wind milling and therefore increasing the life-span of belts, reducing down time and unexpected repairs.

**Bugscreens**

We offer both hard and soft Bugscreens customized to meet your design. Several attachment options available: Magnetic, Velcro, Bolts, and Quarter Turn Fasteners.

**Galvanized  
Guards**

Custom built guards to meet your needs; including but not limited to Fan Guards, Bug Guards, Core Guard, Hail Guards and Walk on Guards.

**Fixed  
Turning  
Vanes**

Mill sheet galvanized, custom built to your application.

**Structural  
Cooler  
Components**

Repair, direct replacement or upgrades are available for cooler structures, walkways, ladders and pipe supports.

**Header  
Plugs &  
Gaskets**

Large stock of all common sizes and material (.625", .75", 1.0", 1.25", 1.5"), expedited shipping available. Custom plugs also available.

**Replacement  
Sections**

Section replacement & repair, on site leak repair, In house re-tubing and header repair (code welders w/ R & U stamps), Hydro, NDT & oil flush capabilities. New rating & engineering services available.

**Storage**

Long and Short Term Storage available
